

**AEROCHEM**

# TECHNICAL DATA SHEET

## **AERO 69™** **Acide Free Powerful Cleaner**

### DESCRIPTION

**AERO 69** is a powerful synthetic detergent that cleans and brightens aluminium and stainless steel by chemical action. **AERO 69** has been especially formulated to remove oxidized film, corrosion and dirt in one easy operation. Also removes aluminium oxide from aluminium plates prior to welding.

#### APPLICATION:

Truck and trailer bodies, aluminium mobile homes, aluminium boats, tank manufacturers, aluminium buses, aluminium screens, windows frames and doors., shipyards for welding, stainless steel fabricators

### METHOD OF USE

#### Using cleaning gun:

Use **AERO 69** pure and vary the proportion by adjusting the mixing valve from 1 to 6 ratio. Pre-wet the surface using cold water, and then spray the solution starting at the bottom and working way up. Let the solution stand for 2 to 5 minutes then flush clean.

#### Using brush or sponge:

Pre-wet the surface using cold water. Mix your solution 1 part of AERO 69 to 10 parts water in a plastic pail. Apply from bottom and work your way up.

#### Cleaning aluminium plates before welding:

Mix 1 part AERO 69 to 2 parts of water. Apply solution with brush, let stand for 2 minutes then wipe dry. **NO RINSING REQUIRED**

### FEATURES

- Powerful synthetic detergent that cleans brightens aluminium and stainless steel.
- Dissolves oxide films.
- Odourless.
- Nonflammable.
- Removes oxide from aluminium plates prior to welding.
- Powerful cleaner.
- EVALUATED AND REGISTERED PRODUCT FOR FOOD INDUSTRY.

### INFORMATION

In its original intact packaging, the product can be kept for 1 year. For storage and handling refer to the Safety Data Sheet SDS.

FORMAT		PART #	CHARACTERISTICS	
Aerosol		N/D - N/A	Boiling Point	100°C
500 mL		N/D - N/A	Density (water=1)	1.32
4 L		N/D - N/A	Volatility (%Wt)	80%
20 L		SOL6920LT	Water solubility	Fully
205 L		SOL69205LT	pH	13.5
1000 L		N/D - N/A	Appearance & odour	Colourless liquid / Odourless
